## **TLC Club Rally   Melbourne Cup – Tamworth 1 – 8<sup>th</sup> November 2018**

Listening to conversations at the November Meeting, it appears that a good time was had by all in spite of inclement weather in Tamworth. So much so that a vote was held and Paradise Caravan Park at Tamworth has been chosen for next year's Cup festivities.

Please forward any photos, (can be incriminating!) or reports for the enjoyment of our members.

## THE ESCAPEES

Club Members Private Cruise on Majestic Princess – the newest and largest ship in the Princess Cruises Fleet.

10 Members decided to book on a cruise to New Zealand from 5<sup>th</sup> November to 18<sup>th</sup> November. These members were Janis Treacy, Robert Wenning, Peter and Carole Olesen, Peter and Pat Rohwer, Will and Amelia Cok, Amelia's friend Julie, and Leonie and Mike Collins.

On the first day we managed to find 2 more TLC Members Maree and Ray Forrest also on board. With a bit of persuasion of the Wait Staff we were all seated together in a separate private dining area. Not sure if they were protecting the other diners or doing us a favour. Surely it was the latter.

New Zealand blessed us with good weather, fortunately we didn't sail the fortnight before as the South Island had been deluged to the extent that some of the railway excursions had to be cancelled on our trip owing to washaways

Highlights of the trip were the waterfalls in the Milford Sound area, a day trip to Rotorua, and the beautiful Bay of Islands.

Missing from this photo are Amelia, Julie, Will, Ray and Maree.

## The following is from Peter Davidson:

[Senior Community Crime Prevention Officer Sue Rewald](#) on [Mar 31, 2015 @ 4:24pm](#)

*“There is no offence for travelling at 80 km/h in a 100 km/h zone with a string of cars lined up behind you”*

### **INCORRECT**

You can be charged with *failing to show due care and consideration*.

If you are travelling at 80 km/h in a 100 km/h zone you must pull over (when it is safe to do so) and allow cars to pass.

### **So when should you pull over?**

Generally common sense prevails ... if you see four or five cars behind you that is the time to consider pulling over to allow cars to pass safely.

When you think about it if everyone travelled at exactly 100 km/h there would be no need for overtaking at all.

Thanks to our readers for this suggestion. Keep following our series as we attempt to bust more myths in the weeks to come.
